There are also purchases

To the Editor of the Railway Magazine

Sir

If a railway director who has thought fit in your paper of the 15th. August to contradict our statements of the power employed on the Blackwall Railway will give his name we will answer his letter — For the present we would refer him to Messrs. Maudslay & Co. & to Mr. Barnes who made the Enquiries and from whom, he can ascertain if he wishes, that our statement was correct —

We remain Sir
Your ob.t Servts.
